Reaction of Chairman AEPC on exports performance FY 2022-23

New Delhi/ Gurugram 13th April 2023: Apparel Exports Promotion Council congratulates Hon'ble Prime Minister, Shri Narendra Mod for his visionary leadership on Indian exports touching a new high despite the global headwinds and recessionary trends in important markets. India's overall exports, growing at 13.84 percent during FY 2022-23 over FY 2021-22, achieved USD 770.18 billion worth of exports, which is the best performance ever.

Shri Naren Goenka, Chairman AEPC in his statement said, "The spectacular export performance of merchandise and service exports is testimony to India's growing dominance in the emerging global economic order. The government policies like PLI scheme, various trade facilitation measures, improved logistics eco-system and emergence of India Brand etc. have all helped exceed the target." The export growth of 50.7% in the last two years FY 2021 and fy2023, is a great milestone in itself, " Chairman added.
